HERMAN BELL MEETS HORRIBLE FATE

HEAD IS COMPLETELY SEVERED FROM BODY BY A Q. & C. FREIGHT TRAIN.

Herman Bell, a young white man of Waynesburg, was killed at King's Mountain at an early hour Sunday morning by a freight train, his head being severed from his body.

In company with a brother, the deceased had gone to the depot with the intention of jumping the first train that came along and riding to his home at Waynesburg. They had waited but a few minutes when a freight came in and Herman Bell attempted to board it. The train was making rather fast time and he missed his footing and fell beneath the truck. His brother tried to rescue him, but one car had passed over the unfortunate man before anything could be done and death was instantaneous.

Herman Bell was about 25 years of age, unmarried and had but recently moved with his parents into the Waynesburg section, where his body was taken for the internment, which occurred there Monday afternoon.

The verdict of Coroner George P. Bright's jury was in substance that the killing was the result of the boy's own recklessness, and that the railroad company was in no way to blame.

Arm Cut Off by Car

STANFORD BOY BADLY CRIPPLED BY BIG FOUR TRAIN

O. D. Murphy, a former Stanford boy, and son of Mr. W. L. Murphy, of this city, and who married Miss Bessie Martin, of this city, was severely injured on the Big Four railroad near Wabash, Indiana, a short time ago. He is a brakeman on the Big Four. A Wabash paper describes the accident in which the young man lost his right arm, as follows:

O. D. Murphy, a Big Four brakeman, was frightfully injured while on his run at North Manchester Wednesday evening and as a result he has lost his right arm, the member being amputated at the shoulder.

Murphy was on what is known as the "pick-up" run which works between this city and Elkhart every night, leaving Wabash late in the afternoon. At North Manchester the crew engaged in switching for some time and then resumed the run north. Just as the train was pulling out of the town, Murphy started down a side ladder of a stock car to look after some stock, and the grip bar either pulled out or Murphy lost his footing and fell to the track. Realizing that he was in great danger, the brakeman had enough presence of mind to push himself from the car but in falling to the ground his arm went under the wheels.

The right arm was horribly mangled from the fingers to the elbow and it was impossible to save the member. Murphy arose just as the train passed and he waved his left hand at the rear brakeman who was on top of the train. Releasing the air, the train was stopped and the injured man was assisted to the caboose. The engine was cut off and coupled to the caboose bringing Murphy to this city. He was taken to the hospital where his arm was amputated just below the shoulder. This morning Murphy is resting as well as could be expected, and the physicians state that unless complications arise, he will recover. Murphy has been working on the Big Four for three weeks, having come here from his home at Stanford, Ky. His wife was notified of the accident at once and arrived in Wabash over the Big Four this afternoon.

WHAT'S THE MATTER WITH STANFORD?

TOLD BY EVANGELIST DANIELS. MEETING WILL PROBABLY END TONIGHT.

The revival services which have been in progress at the Baptist church, will probably close after the

EVANGELIST J. C. DANIELS

services tonight. Interest has grown in the services, the attendance has been good and earnest sermons have had an earnest hearing by the people.

At three o'clock Sunday afternoon the church was well filled to hear the lecture on Ben-Hur. Just before the lecture, "The Holy City" was sung by Miss Winnie Davis Bink.

In a clear, sweet voice, she rendered the selection to the delight of everyone present.

Mr. Daniel's narration of Ben-Hur was so vivid and inspiring. For more than an hour the speaker held his audience to the thrilling experiences in the life of Ben-Hur, and fired their hearts to emulate the noble principles in Judah's life. He held that the throwing of Arius' signet into the sea meant more in Ben-Hur's life than anything connected with the chariot race.

Asked his opinion, of Stanford, from a religious standpoint, the evangelist said:

"Stanford has many good people and quite a number of noble, humble, faithful followers of Jesus Christ. However, since you expect the truth, I will tell it. Pride, love of money, love of worldliness and prejudice have combined to sap the spirituality of your town. Christian pretension, which has not been lived out in daily walk, has weakened the real Christian influence. Gamboling around a stylish card table in a fashionable parlor is every whit as bad in God's eyes as that of the black leg professional in the back of some dive. I fear, too, that there are people here who would do much more for the sake of their church than they would do for Jesus Christ."

Lecture on Civic Righteousness

At the request of a number of the citizens of Stanford and vicinity, Mr. Daniel has consented to deliver his lecture on Civic Righteousness before leaving the city. The Christian church has been secured and the lecture will be given tomorrow (Wednesday) night at eight o'clock. The lecture will interest every citizen of the community and everybody is invited.

Noble Young Man

BROTHER OF MRS. R. M. NEWLAND PASSES AWAY

The sad news was received here last week of the death at Louisville of Thomas A. Elkin, brother of Mrs. R. M. Newland, of this city, which occurred after a brief illness. He was the son of Mr. and Mrs. A. Elkin, who lived in Garrard county and worked in the Interior Journal office years ago.

Mr. Elkin was just in the prime of young manhood and his death came as a great shock to his host of friends and loved ones. He held a responsible position with the Tinsley-Mayer Engraving Company. Besides his parents and his sister, Mrs. Newland, he is survived by two brothers, W. Lee Elkin and Walter B. Elkin.

The remains of the young man were laid to rest in Cave Hill cemetery, after funeral services at the Clifton Christian church, of which he was a member.

Induced by violent exercise or injury is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism and affords a quick relief. Sold by G. L. Penny.

POPULAR COUPLE WED IN DANVILLE

JAMES T. MENEFEE CLAIMS MISS JEAN WARREN AS HIS BRIDE ON SATURDAY.

There was much pleasant surprise occasioned last Saturday when James T. Menefee, second son of Mr. and Mrs. J. N. Menefee, of this city, was united in marriage to Miss Jean Warren, daughter of Mrs. William Warren, and a niece of the late Judge R. C. Warren, of this city. The young couple had kept the happy secret well, and only a few of their relatives and closest friends knew of the forthcoming event and were present.

The ceremony was solemnized at the handsome home of the bride in Danville, Rev. J. T. Hoskins, pastor of the Baptist church, of this city, officiating. Immediately afterward they left for a bridal tour to northern resorts, and returning, will make their home in Danville, out of which Mr. Menefee will travel for the Sherman-Williams Paint Company, of which he is the southern representative. Mr. Menefee is one of the most popular "boys" of Stanford, and will be most heartily congratulated upon winning such a splendid woman for his wife. She is very well known here, having frequently visited her cousins and is universally beloved and admired.

Among those who went over from here for the wedding were Mr. and Mrs. J. N. Menefee, Judge and Mrs. E. B. Ritchie, of Mineral Wells, Texas, Judge J. M. Menefee, Jr., Mr. George Menefee, Misses Jennie, Nell and Josephine Warren.

In Far Off Canada

KENTUCKY BRIDE IS HANDSOMELY ENTERTAINED

The Rossland, Canada, Miner has this item of a handsome entertainment given there in honor of Mr. C. C. Leete, of Davenport, Wash., and his bride, who was Miss Margaret Livingston, of Crab Orchard, before the wedding a few weeks ago:

Claude Leete, of Davenport, Wash., son of Mrs. A. T. Collier of Rossland, and his bride, have met with a true Rossland welcome during their stay here. Mrs. Collier holds a reception in their honor today and they have also been most pleasantly entertained by Superintendent and Mrs. Ann Burnett, at their handsome home at the Jostle mine just above the city. Mrs. Claude Leete is a Kentucky lady and Mrs. Burnett, too, belongs to one of the oldest colonial families of the south, both in Kentucky and Virginia. Needless to say the two southerners had much in common and a delightful time was spent by the visitors.

MUST PAY STATE LIQUOR LICENSE

IS ATTORNEY GENERAL'S OPINION ON SELLERS OF MALT MEAD DRINKS ETC

As a result of an opinion handed down by Attorney General Breathitt at Frankfort last week, the vendors of Malt Mead, Cream of Hops, Near Beer and other such drinks in Kentucky will have to pay the state liquor license of \$250, for it is held that such beverages do not come under the head of "soft" drinks inasmuch as they contain a certain per cent of alcohol. A number of dealers in Stanford and Lincoln county will be hard hit by this ruling, which it is said, the Auditor intends to instruct the county clerks to rigidly enforce.

Attorney General Breathitt holds that in local option territory alcoholic drinks can not be sold under the soft drink license. The opinion says:

"This department has just received a communication from A. A. Hazlerigg, clerk of Montgomery County Court, stating that he has an application for license to sell 'Malt Mead' or 'Near Beer.' He states that it is claimed this drink can be sold under soft drink license by reason of the alleged fact there is such a small or unappreciable amount of alcohol in same that it should come under this heading. This department has passed upon this matter finally to the effect that drinks may not be sold under the soft drink license that could produce intoxication. As local option territory increases in extent in this state, it is reasonable to anticipate that endeavor will be made to place such drinks as are described before the public, and in such a way as to subject those who may indulge in them to no sort of social condemnation; and its alleged innocence will actually prove more pernicious to the young if allowed, than the open saloon, into which the same people might never think of going. Until either the law or the highest court makes a distinction authorizing the sale of malt beverages containing alcohol, it will be the ruling of this department that they are not allowable under a soft drink license, having that appreciable quantity, at all events, in them as would create even in large quantities any degree of intoxication."

Amended articles of incorporation have been filed by the Goshen Telephone Company of this county, with the County Clerk and the Secretary of State, as required by law, increasing the capital stock of the company from \$400 to \$750. Articles of incorporation have been filed with the Secretary of State at Frankfort of the Lancaster Hospital, Garrard county with a capital of \$4,000, the incorporators being J. E. Stormes, Banks Hudson and W. R. Cook.

JEFFRIES FAILS TO "COME BACK"

COLORADO FIGHTER MAKES CHOPPING BLOCK OF HIM IN 15th ROUND.

Jack Johnson the colored champion, clinched his title to the world's championship of the pugilistic arena when he decisively defeated the great retired champion James J. Jeffries in 15 rounds at Reno, Nevada on the Fourth of July.

While Jeffries was not actually counted out he was saved only from this crowning humiliation by his friends pleading with Johnson not to hit the fallen man again, and the towel was brought into the ring from his corner. At the end of the fifteenth round Referee Tex Rickard raised the black arm and the great crowd filed out glum and silent.

Jeffries was dragged to his corner, bleeding from nose and mouth and a dozen cuts on his face. He had a black closed eye and swollen features and he held his head in his hands dazed and incoherent.

Johnson walked out of the ring without a mark on his body, except a slight cut on his lip, which was the opening of a wound received in training.

Ring experts agree that it was not even a championship fight. Jeffries had a chance in the second round perhaps, but after the sixth it was plain that he was weakened and outclassed in every point, and, after the eleventh round, it was hopeless.

It was the greatest demonstration the ring has ever seen of the failure of a "fighter to come back" after years of retirement. The youth and science of the black man made Jeffries look like a green man. The great Jeffries was like a leg. The reviled Johnson was like a black panther, beautiful in his alertness and defensive tactics.

The fifteenth round started with a clinch after Jeffries had failed to land on the body. Johnson then tore loose and before the spectators were prepared for the finish he had sent Jeffries down with lightning-like left and right blows to the jaw. Jeffries reeled and fell half way through the ropes on the West side of the ring. Those near him saw that he had lost sense of his surroundings and that the faces at the ringside were a blur to him. His time had come. He was feeling what he had caused others to feel in the days of his youth and power. Johnson came over to the spot and stood poised over his adversary, his body ready for a left hook if Jeffries regained his feet.

Jim Corbett, who twice had gone down before Jeffries' blows, and who had stood in Jeffries' corner all during the fight, telling Johnson what a fool he was and how he was in for the greatest beating of his life now ran forward with outstretched arms, crying: "Oh go back don't hit him."

Jeffries painfully raised himself to his feet. His jaws had dropped, his eyes were nearly shut and his face was covered with blood. With trembling legs and yielding arms he tried to put up a defense. But he could not stop a terrific right smash in the jaw, followed by two left hooks. He went down again.

Jeffries physician and other friends jumped into the ring.

"Stop it," they cried. "Don't put the old fellow out."

Sam Berger, Jeffries, manager ran along the ring calling to Bob Armstrong: "Bring that towel you know what I mean—don't let him get beat."

From Johnson's corner his seconds were calling to him to quit. Then the referee stopped the time-keeper, and it was all over.

CHIEF JUSTICE FULLER DEAD.

Chief Justice Melville W. Fuller of the United States Supreme Court, died of heart failure at his summer home in Sorrento, Me., Monday morning.

The death of the chief justice was entirely unexpected, as he had been in apparently good health lately. Sunday he attended church as usual and when he retired last night was to all appearances in his customary health.

He was a democrat and appointed to the Supreme bench by Cleveland.

LINCOLN COUNTY NEGRO PARDONED

MR. OWSLEY INTERCEDES WITH GOVERNOR IN ALEX RICE'S BEHALF.

On a pardon from the governor Alex Rice a Lincoln county Negro, was released from the penitentiary at Frankfort Saturday after having served a sentence of 15 years on a manslaughter charge. He was sentenced for 21 years. A dispatch to the city papers says that John Sam Owsley, who prosecuted the Negro in Lincoln county, went before the Governor and urged that the punishment had been sufficient, considering the nature of the crime. He said he thought 15 years was long enough for the man to serve. The application for the pardon was endorsed by many citizens of Lincoln county and the Negro had a good record at the prison. Rice was convicted of killing a Negro in the Deep Well woods near Crab Orchard.

Crab Orchard Wins

IN BALL GAME WITH BRODHEAD. EAST END NEWS.

The Crab Orchard and Brodhead base ball teams crossed bats on last Saturday week on the local grounds, resulting in a victory for the home team by the score of 19 to 2.

Mr. H. E. Lane and Miss Helen Lewis, a young couple from Somerset, were united in the holy bonds of matrimony on June 29th at 11 o'clock A. M. at the King Hotel by Rev. K. D. Noaks.

Mr. and Mrs. W. H. Sharp, of Middleboro, the latter being nee Miss Nannie Pleasants, arrived last Saturday to visit her father, Mr. Joe Pleasants and family. Mrs. Sharp was formerly one of our Crab Orchard girls, having been born and raised here. She developed into a fine Christian woman with a practical knowledge of life. She secured a position in Middleboro and met Mr. Sharp while there. We congratulate him on securing her as his helpmeet for life and wish for them a future filled with happiness.

We read with much interest of the marriage of Miss Georgia Lewis and Mr. Charles Keeton in your last issue. Her Crab Orchard friends were not so much surprised, it seems, as her Stanford friends, as she revealed the fact to us while visiting here a month ago. We at that time expressed our deep feeling for her happiness in the new life she anticipated entering into and we want to reiterate what we said then, that we trust all her present expectations may be fully realized and unalloyed happiness may fill their lives. We send congratulations to her husband and we are confident he feels proud of the treasure he has won.

HOME OF NEW AMERICAN OPERA

Cincinnati Music Hall, pictured above, will be the scene of the first production of the new popular romantic opera, "Paoletta," especially written for the Ohio Valley Exposition, and to be given its first performance on Monday night, Aug. 23, on the opening day of the Exposition.

BOTH ACCEPT INVITATIONS

President Taft and Col. Roosevelt at Ohio Valley Exposition.

OTHER NOTED MEN TO ATTEND

Governors of Various States and Mayors of Cities of the Ohio Valley Promise Support to the Enterprise and Express Their Intentions of Visiting Cincinnati During the Great Exposition.

Cincinnati, O. —(Special.)— While no foreign potentates or visitors of royal birth have as yet announced their intention of attending the Ohio Valley Exposition, which will be held here next fall, a sufficient number of acceptances to invitations have been received from noted men of America to make the absence of foreign notables felt not at all. One of the first promises to attend the Exposition from men of international reputation was received from President Taft, who, besides praising the objects for which the Exposition will be held, declared his intention of spending at least a week in Cincinnati during the time of the progress of the big industrial enterprise. Following the acceptance of President Taft came others from Governor Deneen, of Illinois; Governor Harmon, of Ohio; Governor Glasscock, of West Virginia; Governor Marshall, of Indiana; Governor Patterson, of Tennessee, and Governor Wilson, of Kentucky. Later came assurances from all the mayors of the cities of the Ohio Valley, promising their support to the enterprise and expressing their intentions of coming to Cincinnati to spend some time during the Exposition.

Within the past few days another trump card has been played by the Exposition in securing the promise of former President Roosevelt to come to Cincinnati during the time of the Exposition. Colonel Roosevelt is desirous of coming here for several reasons. It was his great-uncle, Nicholas Roosevelt, who built the first steamboat that navigated the Ohio river, she being launched just 100 years ago—in 1810—and it being partly in commemoration of this event that the exposition is being held. It also was in Cincinnati in 1902 that Colonel Roosevelt, then president of the United States, made his first public official declaration in favor of improvement of inland waterways, a plan of conservation which has resulted, among other things, in the building of the Fernbank dam in the Ohio river, near Cincinnati, the completion of which also will be celebrated by the Exposition. It is expected that Colonel Roosevelt will spend several days in the city during the Exposition as the guest of his son-in-law, Congressman Nicholas Longworth.

FAMOUS POTTERY MAY GIVE DEMONSTRATIONS

Cincinnati, O. —(Special.)— Efforts are being made to have the Rookwood Pottery, Cincinnati's famous home of ceramics, place a working model in the Ohio Valley Exposition. It is the boast of the Rookwood management that it produces no duplicates—that every piece of art ware produced by its associates is an original. If this display is made, it will show how the various kinds of vases and other pieces are fashioned, and it is believed that arrangements can be made by which prospective buyers may be allowed to place their autographs upon such pieces as they may select and have them decorated, glazed and produced later on. This practice has been pursued with a number of noted actresses and actors who have visited the Rookwood Pottery, including Mme. Schumann-Heine, Eleanor Robson, Madame Modjeska, E. S. Willard and others, and it is believed that it would add much to the attractiveness and general interest of the ceramic display at the Exposition.

SOUTH'S CORN EXHIBIT WILL CREATE FURORE

One of the Big Features of the Ohio Valley Exposition.

Cincinnati, O. —(Special.)— The general impression that the Middle West has a monopoly on the raising of corn promises to receive its quietus at the Ohio Valley Exposition, to be held in Cincinnati from Aug. 23 to Sept. 24. In assembling the industrial, products and resources which will make up the Southern exhibit at the Exposition, the representatives of the various railroads in the South are giving particular attention to securing examples of the South's natural wealth of which the outside world knows little or nothing. And working along this plan, special efforts are being made to secure a large and classy exhibit of corn grown in various sections of Dixie, with the idea of impressing visitors to the Exposition that the South will grow anything that any other section can produce, and in just as high quality. For some years the matter of experimenting with the growing of corn has been progressing in the South, with the result that experts now boldly announce that with proper application and the employment of up-to-date methods of cultivation, the South can be made the greatest corn-producing section of America. Reports from the Department of Agriculture in Washington give interesting figures on this experimental work. In South Carolina a boy, doing all his time and knowledge in corn planting and cultivating, succeeded in raising 152½ bushels to the acre in a section where the average yield was but 16 bushels per acre. In Virginia nearly 1,000 acres were planted and cultivated under improved methods, with the result that an average yield of 41 bushels per acre was secured. In Alabama, Mississippi, Tennessee, Texas, Louisiana and Arkansas similar good results have been obtained by scientific cultivation, so that it is a reasonable estimate to make that 45 bushels to the acre can be secured with proper care and attention. Many cotton planters are turning to other staples as part of their annual crops because of the blighting work of the cotton boll weevil, and those who have taken up the growing of corn are finding that it promises more than any other product. The display of Southern-grown corn at the Ohio Valley Exposition promises to be comprehensive and of excellent quality, and those assembling this exhibit declare that it will compare in every way with the best examples that will be offered by growers of the Ohio Valley or the prairie states.

POWER BOAT OF CONCRETE NOW BEING CONSTRUCTED

Cincinnati, O. —(Special.)— What probably will be the first boat built of concrete navigating by its own power will soon be constructed in this city for use on the Miami and Erie canal during the Ohio Valley Exposition, which opens Aug. 23 and closes Sept. 24. This boat will be built on plans devised on information received from the United States War Department in regard to the construction of barges of concrete for use on the Panama canal work. It has been found that barges of this kind can be constructed more economically than wooden barges, and that they are just as easily handled as ordinary barges, with the advantage that they can be more readily cleaned of sea parasites than wooden barges. The method of construction is similar to that employed in erecting concrete buildings, in that the concrete is spread over wire framework, making a perfectly rigid and waterproof surface throughout.

It is planned to utilize this boat to tow pleasure barges, also constructed of concrete, on the canal during the Exposition, the barges to be brilliantly illuminated and each supplied with musicians, a sort of continuous water carnival being thus inaugurated, the beauty of which will be augmented by the canal and brilliant illumination.
